# NETWORK WITH US

The **Northeast Ohio Personal Computer Club (NEOPC)** is a non-profit (501(c)3) organization that provides information and support to its members. Our club offers a friendly atmosphere for learning and exchanging PC information and ideas, obtaining assistance and services, and taking full advantage of personal computers. Since our founding in 1983 we have supported many specific areas of interest, spanning the needs of the beginner through the advanced user.

See our "Coming Events" page on our website at **[www.neopc.org](http://www.neopc.org)** for other special interest meetings conducted by our club members.

Our club features **SPEAKERS** who may showcase a software or hardware product, be an expert on a particular computing subject, or even be a presenter from our talented

**NYBBLES & BYTES**  
Our monthly online newsletter provides information on club activities and newsworthy computer

Our monthly **GENERAL MEETINGS** highlight topics relevant to computer users. **USER GROUPS** provide in-depth specifics.

Our club is famous for aiding members with their computer problems. Members provide solutions by responding to troubleshooting queries in our Members Only Forum at **[www.neopc.org](http://www.neopc.org)**

**COMMUNITY INVOLVEMENT**  
We provide computer training and users groups on a volunteer basis at various locations.

#### **Why Join NEOPC?**

- Network with other PC users.
- Get answers to your computer questions online from club experts.
- Inside scoop on new hardware and software including freeware.
- Sell your used computer items online.
- Resources for researching before you buy new computer products.
- Support our non-profit organization and our contribution to the community.
